2	20	VOLTMETERS, A.C., 0-150, model 330. Bakelite case 2-3/4" dia. x 1-5/16" deep, flange 3-1/2" dia. with 3 holes 1/8" dia. evenly spaced for mounting on control board. Pos. and Neg. terminals. Mfg. Triplett Electric Instrument Co. Location: Philadelphia, Penna.	\$ 6.05 ea.

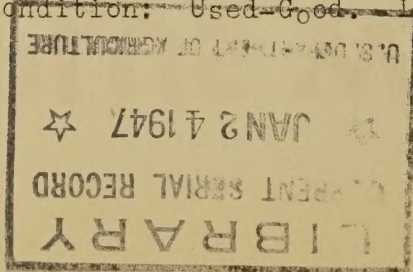

SPECIAL NOTE: Items 1 and 2, above, portable voltmeters, have been obtained from Surplus Property at the request of many cooperatives for voltmeters of this type to be placed on each truck and in the equipment of each workman so that periodic readings can be taken of the voltage conditions at any part of the system. Leads can be attached to the voltmeters with clips so that the workmen can attach the voltmeter to the secondary side of any transformer to determine the exact voltage condition either at peak periods or at any time. It is felt that these meters will be very valuable to all cooperatives.
